Column Header Context Menu

The column header context menu enables end-users to manipulate a column (apply sorting, grouping, calculate the best column width, etc.). The menu is activated by right-clicking a column header displayed in a header panel or in a group panel.

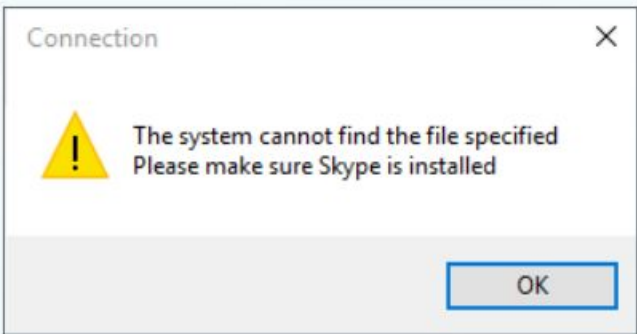

4 Troubleshooting

A No Internet Connection error

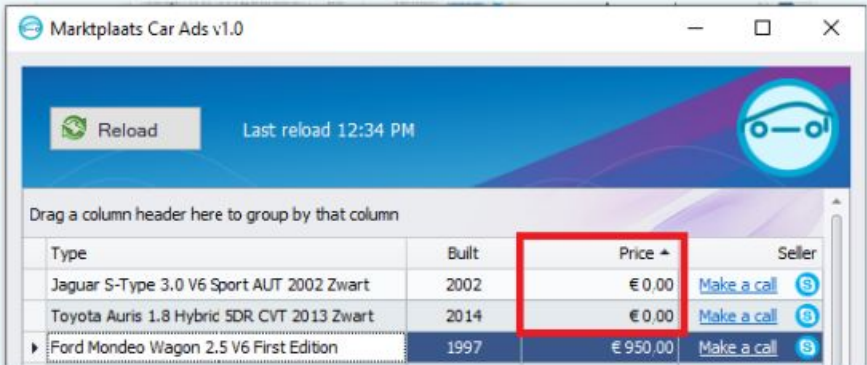

- 1. Make sure you have a stable internet connection.
- 2. Re-open the application or click [**Reload**] button to try again.

B No Skype installed error

- 1. Download and install Skype (<https://www.skype.com/en/>)

C 0.00 Price result

- 1. Move over the mouse cursor to the price to show the price type. Other price type was not displayed to retain sorting functionality.
